

Hi 2017 AP Computer Science A!

We will be learning a lot next year about Java Programming

To get you ready for this, your summer assignment is to do some programming on the CodeHS website.

AP Computer Science in Java (Mocha)

Just do the section on Basic Java.

BASIC JAVA

16 LESSONS

View Lessons

We will be using the Eclipse development environment when you return to school in the fall, as well as some CodeHS and other online coding support. So this summer assignment will help you be ready.

I've provided a link below to help you get started, hopefully you are as excited as I am to begin.

You can sign up using the following link: <https://codehs.com/go/98F0B>

I will be using Edmodo throughout the year to post assignments. My Edmodo code for this class is: z3whmg

If you have any questions over the summer, feel free to send me an Edmodo message and I will get back to you.

I look forward to seeing you in September.

Mrs. Roberts
