

Challenge III (due date: 9/25/17)

1. Complete the Study Skills Inventory at <http://sarc.sdes.ucf.edu/form-studyskills>.
2. List your total score for each category.

Category	My Score	Benchmark
Textbooks		
Note-Taking		
Memory		
Test Preparation		
Concentration		
Time Management		

3. Read through comments from other students about their experiences during their first year in high school. (See PDF files in Challenge 3 Folder.)
4. Based on your Study Skills Inventory results and the experiences of other students, what challenges do you anticipate you will face during your first year of high school? What can you do to avoid these types of problems before they have a negative impact on your academic achievement? [Please include your Study Skills Inventory results with your written response.]

A strong response will demonstrate that you have:

- *Thoroughly considered your own tendencies, strengths, and weaknesses
- *Addressed how your habits have impacted your academic achievement in the past and may impact your future achievement
- *Recognized how increased workload and higher expectations may impact you in your first year of high school
- *Identified strategies and resources that will help you to maximize your potential as a high school student
